Pandita Ramabai

George Augustus Selwyn

Bakht Singh

James M. Thoburn

M. M. Thomas

Harold W. Turner

Johannes Verkuyl
At least two social issues come to fore with this type of approach, though. Some think that their particular solution is the best (proselytizing arises). Everyone has to hear of it. However, I have found through trial and error that attempting to take comprehensive book notes when studying mathematics can be frustratingly tedious. What I now do is, if I take notes at all, I make sure that the notes are very concise. I never write down a proof in its entirety in my notes. Many of my notes will predominately include question prompts, little concept d Continue Reading.
