The Voice of the Masters: Writing and Authority in Modern Latin American Literature. Article. Oct 1986. Book of the Fourth World: Reading the Native Americans Through Their Literature. Article. Jan 1996. This book considers the sources of these metaphors and analyzes their effect on how Latin literature is read. By reading with and more commonly against these metaphors, the book offers a different view of Latin as a language and as a vehicle for cultural practice. The argument ranges over a variety of texts in Latin and texts about Latin from antiquity to the twentieth century. Categories: History.
