B1 book chapters. This category refers to a contribution, consisting substantially of new material, to an edited compilation in which the material is subject to editorial scrutiny. Weighting: 1. B1 Book chapter requirements. To be included in this category, the publication must meet the definition of research and: be research published in the current collection year, and the year of publication must be stated within or on the work being claimed, with the exception of the expanded year of publication. A chapter book is a story book intended for intermediate readers, generally age 7-10. Unlike picture books for younger readers, a chapter book tells the story primarily through prose, rather than pictures. Unlike books for older readers, chapter books contain plentiful illustrations. The name refers to the fact that the stories are usually divided into short chapters, which provide children with opportunities to stop and resume reading if their attention spans are not long enough to finish the book in one sitting.
