## PART ONE: INTRODUCTION TO COMMUNITY-BASED PARTICIPATORY RESEARCH

### ONE: INTRODUCTION TO CBPR: NEW ISSUES AND EMPHASES

_Meredith Minkler & Nina Wallerstein_  

The Growing Support for CBPR .................................................. 7  
Semantics and Core Principles .................................................... 8  
CBPR and the Fight to Eliminate Health Disparities .................. 11  
Goals of This Book: Continuing Concerns and New Emphases .... 12  
Organization of This Book ......................................................... 14  
Summary .................................................................................. 18  
Questions for Discussion ............................................................ 18  
Key Terms ................................................................................. 19

### TWO: THE THEORETICAL, HISTORICAL, AND PRACTICE ROOTS OF CBPR

_Nina Wallerstein & Bonnie Duran_  

Historical Roots ...................................................................... 27  
Core Concepts and New Theories ............................................. 29  
Feminism, Poststructuralism, and Postcolonialism ................. 35  
Paulo Freire and Praxis ............................................................. 37  
Summary .................................................................................. 39
## Contents

- Questions for Discussion 40
- Key Terms 40

### THREE: CRITICAL ISSUES IN DEVELOPING AND FOLLOWING CBPR PRINCIPLES 47

*Barbara A. Israel, Amy J. Schulz, Edith A. Parker, Adam B. Becker, Alex J. Allen III, & J. Ricardo Guzman*

- CBPR Definition and Key Principles 48
- Issues in Developing and Following CBPR Principles 52
- Summary 61
- Questions for Discussion 62
- Key Terms 62

### FOUR: BRINGING EXPERIMENTAL DESIGN TO COMMUNITY-PARTNERED PARTICIPATORY RESEARCH 67

*Loretta Jones, Paul Koegel, & Kenneth B. Wells*

- Using CPPR as a Framework 68
- The Fit Between Designs and Projects 70
- Experimental Design Lessons from the Building Wellness Pilot 71
- Applying the Lessons: CPIC 79

6.1 An Organizer’s Recommendations for Academics 117
12.1 Steps in Participatory Evaluation 207
16.1 Lessons Learned from Working with Communities to Analyze and Interpret Findings 296
Community-based participatory research (CBPR) is a partnership approach to research that equitably involves community members, organizational representatives, researchers, and others in all aspects of the research process, with all partners in the process contributing expertise and sharing in the decision-making and ownership. The aim of CBPR is to increase knowledge and understanding of a given phenomenon and to integrate the knowledge gained with interventions for policy or social change benefiting
