The answer will be “Glanville Williams: Learning the Law”. Much of the original text survives but Professor Smith has given much needed emphasis to the new legal agenda of the early twenty-first century - gone are the old, archaic references - and in come new, thrusting European Union law provisions which will warm the heart of the most die-hard Eurosceptic. I like chapter 14 the best - it is entitled ‘General Reading’. It gives the best bibliography available for the range of works on the market for those who love the subject of law as much as some of the writers quoted. First published in 1945, Glanville Williams: Learning the Law has been introducing new and prospective law students to the foundation skills needed to study law effectively for over 70 years. Presenting an overview of the English Legal System and covering the essential legal skills that students need to master if they want to succeed both in their legal studies and in their future careers, this is a must-have book for all new law students. This title is of particular interest to undergraduate students on the LLB, postgraduate students on the GDL. It is particularly important as reading to prep
